Human Resource Development Centre,  
Gujarat University

Indian Knowledge System (IKS) is a collective quest of a very wide range of themes by Indians. Since the dawn of our civilization, Indians have been inquisitive and engaged in open-minded enquiry of issues ranging from numbers, language, planets, matter to mind, health, ecology and so on. Their quest took them from the minute particles to the grand scheme of cosmos; from consciousness to matter; from music to languages; from pragmatic issues to the ultimate reality. They proposed the holistic nature of knowledge where disciplines knew no boundaries. Such a comprehensive quest for a vast knowledge system has no parallels in the history of mankind.

## Objectives

- ▶ Through this FDP we will embark on a wonderful journey to understand how our ancestors created, preserved, and expanded the most sublime knowledge in a variety of domains and disciplines.
- ▶ As IKS is one of the key features of our National Education Policy (NEP-2020), this FDP will encourage faculties to incorporate the IKS perspective with their curriculum and research work. Incorporating IKS has been hailed as one of the most important steps for restoring holistic education in India.

## Outcomes

- ▶ Comprehensive exploration on India's intellectual, literary, artistic, social, scientific and technological heritage, grounded in a multidisciplinary approach.
- ▶ Special sessions on Yoga, Ayurveda, Rituals, Classical Music and Dance to immerse in the experiential components of IKS
- ▶ India's contribution to world thought and culture; exploring how India was the knowledge hub of the ancient times.
- ▶ Various IKS frameworks that are not only relevant but will have significant contributions in 21st century.
- ▶ Exploring Indic Research Methodology for unique and indigenous perspectives to engage in research on Indic themes.

## Themes of FDP

- ▶ History & Geography of Bharata Varsha
- ▶ The Fundamental Ideas of Indian Civilization
- ▶ Darshan & Indian Philosophy
- ▶ Language and Literature
- ▶ Art & Aesthetics
- ▶ Science & Technology
- ▶ Social, Cultural & Political Systems
- ▶ Global Impact of IKS (India's Contribution to the World)
